## MEMORANDUM ON FORCED COLLECTIVIZATION OF LIVESTOCK

Addendum to point 20, Politburo minutes no. 94 of April 20, 1931

ON FORCED COLLECTIVIZATION OF LIVESTOCK [Handwritten line:] Resolution of the Central Committee [TsK] of the All-Union Communist Party (Bolsheviks) [VKP(b)], Mar 26, 1932

In many regions of our country we can observe the collectivization of cattle and smaller livestock by forcible means. This practice is a flagrant violation of repeatedly issued directives by the party's TsK, as well as of the provisions contained in the statute of the agricultural artel.

The TsK VKP(b) stresses that only enemies of the kolkhozes would permit forced collectivization of livestock from individual kolkhozniks. The TsK emphasizes that forced requisition of kolkhozniks' cattle and smaller livestock is contrary to the party's political program. The goal of the party is that every member of the kolkhoz have a cow, some smaller livestock and poultry....

The TsK of the VKP(b) proposes to all party, Soviet and kolkhoz organizations:

- Cease all attempts of forced collectivization of cattle and small livestock belonging to the kolkhozniks and expel from the party those guilty of violating TsK directives;
- 2. Organize aid for the members of the kolkhozes who have no cattle nor small livestock to purchase and raise young animals for their own personal needs.

Signed: TsK VKP(b)
